CS 395 Homework 7 Due: November 12 (Wednesday), in class.

Today’s topic is on hate speech. As a class, we want to consider the various policies websites or countries have on hate speech.

1. Pick a website (Facebook, Twitter, Google+, Youtube, Wordpress, etc.) that hosts content and determine its hate speech policies. That is, how do they decide if an account should be shut down or a particular content should be taken down?

2. Pick a country. What laws do they have against hate speech?
