

Homework # 8

due March 28

1 Book Problems

Do Exercises 3.1, 3.5, 3.15

2 Discussion

What sort of programs will have more precise results for 1-CFA than 0-CFA? What sorts of programs will do no better for k -CFA than 0-CFA? (You should think about this before doing Exercise 3.15.)

3 Submission

As with all homeworks, please turn in your homework on paper at the beginning of lecture.
