

COMPUTER SCIENCE TEACHING ASSISTANTSHIP APPLICATION

Awards of teaching assistantships are made on the basis of superior academic performance and promise. Another important factor in the determination of the awards is communication skills. Only students with strong academic records and good communication skills are encouraged to apply. All non-native English speaking applicants are required take an English assessment test administered by UWM. *Applicants are required to arrange to send at least two (2) confidential letters of reference to the Computer Science Chair.*
